We host several special events annually with cultural and holiday celebrations for the whole family.

We are committed to providing exceptional customer service to our community and organization. We value ethics, accountability, stewardship, and teamwork to accomplish our mission.

We encourage and empower innovation in service delivery through our visionary team.

We embrace diversity, promote inclusion, and respect the unique qualities of our City team and our community.

We are engaged and committed to prioritizing the highest level of service to our community.
When preparing for the future it is always beneficial to have a firm understanding of where you’ve been, where you are and where you want to go. Beginning in early 2018, the Port St. Lucie Parks & Recreation Department went straight to work at preparing for the future by completing a master planning process. Guided by our consultant, Dr. David Barth of Barth Associates, our Department has successfully completed a Strategic Business Plan, 10-Year Master Plan and has embarked on the journey to Department accreditation (CAPRA), which is administered by the National Recreation & Parks Association (NRPA).

Through the master planning process, we found that 75% of our residents have visited a City Park, 51% have attended a City-sponsored event and an overwhelming majority rate our programs and services as “excellent” or “good” revealing the positive impact Parks & Recreation has throughout our City. These results are comparable with other cities nationwide, showing us that we are on par with other communities. However, it is our continuing mission to “strengthen our community by offering exceptional leisure, cultural and innovative recreational opportunities” – an undertaking that requires our commitment to further improvement and deeper community engagement.

Through the utilization of both our Strategic Business Plan and 10-year Master Plan, we intend to continue to improve and grow our robust parks system to meet the diverse needs of our growing City, both now and in the years to come. This new emphasis on the future of our Department has resulted in a new energy, vision and look for Parks & Recreation. Parks & Recreation has recently introduced a refreshed look and feel which reflects everything you can expect from your Parks & Recreation Department – innovative recreational programming, exciting community events, as well as safe parks and facilities, all designed to improve the quality of life for every member of our community.

We can’t wait to see what the next 10 years has for our Department and our City, and we couldn’t be more excited to be able to share this journey with you. For the latest updates, or to learn more about Port St. Lucie Parks & Recreation, please visit our website at www.pslparks.com.

Centrally located in Port St. Lucie, The Saints Golf Course is a tournament-level golf destination, anchoring the Sandpiper Bay neighborhood. This 185-acre, 18-hole, par 72 course features over 6,500 yards of play offering challenge to seasoned golfers, and ease of play to those just entering the sport.

Added to the City in 2001, this multi award-winning facility is open 364 days a year, from 6:30 a.m. to sunset, for your golfing pleasure. A municipal course, The Saints enjoys a membership of 1,000 golfers, and records an average of over 55,000 rounds played per year (an average that exceeds most area courses by more than 10,000 rounds).
In addition to traditional play, The Saints offers a practice facility which hosts a putting green, driving range, and short game area. Many leagues call The Saints home, and additional leagues are welcomed. Golf clinics, lessons, and private instruction sessions are available from our staff of PGA professionals. Each Thursday morning features “Ask the Pro Live” at the Saints’ driving range, where you can receive free professional feedback and tips from our instructors.

The Saints also takes great pride in introducing the game of golf to the next generation. Junior golf lessons and programs are available, including a partnership with The First Tee of the Treasure Coast. Our friendly staff is dedicated to developing the next generation of golfers and hope that today’s young people grow to love the game as much as we do.

All this would be impossible without the invaluable assistance of the Saints’ volunteer staff. More than 40 volunteers, donating over 16,000 hours of service per year, join a roster of just 7 full-time staff to bring you the best possible experience each time you arrive at The Saints. This is best realized during the annual City Golf Championship, scheduled for November 16-17, 2019, where players of all ages and skill-sets are welcomed to enjoy a full weekend of friendly competition.

Finally, don’t forget to stop by our on-site restaurant and pub. Featuring wonderful food and spirits, The 19th Hole provides a perfect oasis at the halfway point of your match, or a wonderful place to rest up after a full day on the links.

Whether new to the game or a veteran player, The Saints Golf Course provides a level of quality and fun that makes the course worthy of its award-winning status. We’re sure that you’ll love The Saints and will soon call it your home away from home.

Your City of Port St. Lucie Parks & Recreation Department is poised to indicate their intent to pursue CAPRA Accreditation! The Commission for Accreditation of Park and Recreation Agencies (CAPRA) accreditation is a quality assurance improvement process demonstrating an agency’s commitment to its employees, volunteers, patrons and community.

Through our national organization, National Recreation & Park Association (NRPA), there are currently only 169 CAPRA accredited agencies throughout the country. There are 23 CAPRA accredited agencies in Florida alone.

It is the zealous goal of the City of Port St. Lucie Parks & Recreation Department to achieve CAPRA accreditation, which involves a two-year, high level commitment which includes showing evidence of compliance with the standards of excellence, which assures policy makers, department staff, the general public and tax payers that an accredited park and recreation agency has been independently evaluated against established benchmarks as delivering a high level of quality.

Please join us on this journey by wishing us luck and continuing to show your support in our programs and events. The impetus behind CAPRA accreditation is to demonstrate to you, our valued guest, that we are the BEST in providing leisure opportunities for our residents and visitors.
